Choose from six different front elevations, each featuring unique optional stone and intricate brick details. This spacious well-thought-out floor plan is presented to you, which offers four bedrooms and three full bathrooms, making it the perfect option for an established family looking to immerse in flawless living. The sizeable master bedroom makes a statement, as it's luxuriously equipped with a massive walk-in closet and a large designer ensuite. Thoughtfully placed adjacent to each other, bedrooms two and three each offer a walk-in closet and are serviced by one full bathroom with the option to install a double sink vanity. Bedroom four is located on the other side of the home and features a built-in closet and a full bathroom in the next room. The kitchen offers a reach-in pantry, ample bench space, modern appliances, and a central sink unit with a breakfast bar. Adjoining the hub of the home is a casual meals nook, giving you the chance to dine where the magic happens. The kitchen then opens onto the backyard with the option to build two outdoor covered patios. The center of the floor plan boasts a large family room with the option to install a fireplace. The home also offers a good-sized room off the foyer that can be a dining room where formal dinner soirees happen or a study that dedicates a productive learning-friendly space in the home. There's a utility room that opens into the two-car garage with the option to add a third car space. Enjoy all the space to relax and entertain as you tell a new story in your new home.
