Wood Look Tile flooring greets your guests from the foyer through the kitchen, nook, and family room. The private study just off the foyer with double doors and plush carpeting is an ideal space for a quiet place to read or get some work done. Continue to the open-concept kitchen, a space designed to be the hub of the home. With ample storage and counter space, stainless steel appliances, a large island, a huge corner walk-in pantry, beautiful wood cabinets, and granite countertops, keeping everyone connected is made easy. Open to the kitchen and breakfast nook, with two bright windows, is the spacious family room, an area designed to bring friends and family together. The family room provides direct access to the rear-covered patio. The master suite is nestled beside the family room and features a vaulted ceiling. The master bath is spacious featuring a dual sink vanity and separate tub and shower. Adjoining the master bath is the master closet with plenty of space. Two additional bedrooms with linen closets are housed in their own wing, making them perfect for kids or guests. Both bedrooms have easy access to a full bathroom. The two-car garage is located at the front of the home through the full-sized utility room.
