This open-concept floor plan offers warm and welcoming spaces while providing traditional living areas. You are greeted by an inviting porch entry area when you walk up to the home. Step in from the covered front porch and into the foyer, which offers access to the master and secondary bedrooms and, for added convenience, a full-sized utility room.

A master suite can provide parents with the ultimate place to relax and unwind after a busy day. The master bathroom in this suite offers just what you need to do so, with its dual sink vanity, large garden tub, separate walk-in shower, and spacious walk-in closet. For added convenience and privacy when hosting family or friends, two additional bedrooms are located across the hallway featuring closets for easy storage and easy access to a full bathroom.

Walking down the hallway, you're immediately greeted by the inviting family room. With a stunning wall of windows, it truly feels like an escape from reality. Not to mention, there's ample space for hosting friends or just relaxing with family. Best of all, you can take advantage of the covered patio for some fresh air and fantastic views. It's clear this incredible family room is a place where wonderful memories are made.

The open floor concept allows easy access to the kitchen, which features stainless steel appliances, white cabinets, ample counter and storage space, quartz countertops, and a pantry. It is also joined to a breakfast nook with windows, filling this space with natural light. The kitchen also provides direct access to the two-car garage offering you quick access to grab a bite to eat after a long at the office.

Your friends and family will find this home inviting and warm while you enjoy all the spaces to entertain and make memories for years to come.
