Delight in the perfect blend of luxury, comfort, and convenience with this exquisite model home available for sale, ideally positioned across the Heartland Amenity center.

Bask in the spacious and elegantly crafted floor plan, tailored for contemporary living. It allows for your unique design touches to shine through, truly making it your home. As you enter through the covered front porch, you are welcomed by a foyer featuring boxed ceilings, guiding you to a versatile flex room. Ready to cater to your lifestyle needs, it can be a vibrant playroom for kids or a coveted man cave.

Experience day-to-day convenience with our open-concept kitchen, the heart of the home. It boasts a large central island, stainless steel appliances, generously sized counter and storage space, and a walk-in pantry tucked away in the corner. An adjoining breakfast nook with a sunny window seat is perfect for enjoying a steaming cup of coffee, providing additional seating as well.

Relax in the expansive family room, bathed in natural light, ready to welcome family and friends. Enjoy your fireplace in the winter as you sip hot cocoa with the family.

The master suite, secluded away from the foyer, is the perfect sanctuary for relaxation. It includes an extensive room and walk-in closet, along with an attached master bathroom consisting of a dual sink vanity, large garden tub, and separate walk-in shower with a seat.

Two additional bedrooms, ideal for kids or guests, are situated in a separate wing off the foyer and provide easy access to a full bathroom and a full-sized utility room.

Lastly, the kitchen allows for direct access to the rear-facing two-car garage, offering privacy and convenience at your fingertips.
