A wonderful and timeless concept awaits those looking for a smaller space that still guarantees plenty of privacy and openness. Step inside this home by the covered front porch to be met with an inviting foyer, boasting boxed ceilings in style, and set just off is a study with double doors. It's perfect for working from home moments or just having fun hours to dedicate to your favorite hobbies. And all of this is proudly brought to you in a small but visibly grand package! The open-concept kitchen, which is centered in the heart of the home, features a large center island, beautiful cabinets, granite countertops, stainless steel appliances, ample counter and storage space, and a corner walk-in pantry. Wandering through the kitchen, you find a delightful surprise: a breakfast nook that's perfect for cozy morning conversations. Its bright window seat creates the ideal amount of sun-filled ambiance while allowing extra seating when entertaining guests. Beyond the breakfast nook lies a magnificent family room that emanates inviting warmth and is bathed in natural light. This sunny space easily accommodates friends and relatives for gatherings and it's conveniently connected to a rear-covered patio for extended outdoor visits. The master suite is your own private oasis of pure comfort and luxury. It includes boxed ceilings and a generous walk-in closet that will quickly become your favorite spot for storing away all of your clothing and accessories. A luxurious master bathroom with two sinks, additional storage, a deep garden tub, a separate seamless shower, and even a secluded linen closet are also featured in this unique space. For convenience, beyond the master suite is the utility room and access to the two-car garage. If you're looking for extra space to accommodate kids or guests, then look no further! This home has two additional bedrooms with cozy linen closets, as well as a third bedroom with a luxurious walk-in closet. These amazing bedrooms all have easy access to a full bathroom with both dual sink vanity and a linen closet. You'll be able to keep everyone in the house comfortable and content with ease.
