Drive up and admire the full view of your home with this plan featuring a rear-entry garage. With its classic brick detailing and expert design, this home is sure to impress. Step inside and be greeted by a spacious foyer, leading you to a separate dining room at the front of the house. The kitchen showcases an inviting island with room for up to 6 people, making it the perfect gathering spot. The nook and family room are surrounded by windows, providing a bright and welcoming space for entertaining and spending time with loved ones. Plus, enjoy the convenience of a large utility room, complete with ample space for a full-sized washer and dryer. When it's time to relax, retreat to the master bathroom with his-and-hers vanities, a linen closet, a luxurious garden tub, and a separate shower. The second bathroom offers dual sinks, ensuring smooth mornings for the whole family and any guests. With three additional bedrooms and a covered patio, this home truly has something for everyone. Experience peace, comfort, and a sense of pride when you make this remarkable home yours.
